Karibu Che Che Vule!

Our private villa escape on Zanzibar sits right on the beach at Matemwe overlooking the turquoise waters of the Indian Ocean. Che Che Vule was built in the nineties as a private house. During 2007 & 2008 the villa was expanded and upgraded and now hosts visitors from all over the world.

This private villa is ideal for visitors who are looking for something beyond the regular hotel experience. It provides a beautiful piece of Zanzibar, and an exclusive, private retreat with all the modern comforts.

A small team, all from Matemwe village look after our guests. They help to make Che Che Vule an unforgettable experience for our guests. The staff include your private chef, private assistant, housekeeping lady, gardener and security guard. The cuisine focuses on the best Zanzibar has to offer, tropical fruit, the best Indian Ocean sea food including: crab, lobsters, prawns, and tuna, all spiced up with the famous Zanzibar spices & herbs
