

Tindiga Tented Camp

– Lake Eyasi –

“A place to meet the bushmen of Lake Eyasi”

For more images please see www.moivaro.com or our CD-ROM

We are proud to present our Tindiga Tented Camp (previously known as Tindiga Tented Lodge), which joined Moivaro in June 2008, and is a beautiful and small traditional camp close to Lake Eyasi, the lake of east African bushman. Overlooking the shrubland of the Eyasi Ecosystem, one can see the distant hills of Ngorongoro, this view gives the ultimate “African experience”

The camp is situated close to Qaund'ded Village. To the western side of the camp you can see Mount Masumbuku. To the north there is the Ngorongoro Conservation Area with its surrounding volcanic hills. To the west, just behind Lake Eyasi, you can find the big plains of the Serengeti. The Lake of Eyasi is just 1,5 kilometer from the camp. It is a seasonal salt water lake that almost completely dries up in the dry season.

The camp has 10 classical cream coloured canvas tents which are very spacious and ensuite with showers and flush toilets. Due to the nature of the camp, personalized service and quality is our aim. The camp blends in beautifully with the natural environment and we try our best to run the camp with an eco-friendly approach; protecting and preserving the natural resources.

Tindiga at a glance . . .

- 10 spacious traditional-style luxury cream coloured canvas tents with ensuite bathroom
- Each tent has its private veranda
- Bathroom: shower, flush toilet, wash hand basin, soap, towels, bottled water
